FOR IMMEDIATE RELEASE

STURM, RUGER & COMPANY, INC. REPORTS THIRD QUARTER FULLY DILUTED EARNINGS OF 62¢ PER SHARE AND DECLARES DIVIDEND OF 25¢ PER SHARE

SOUTHPORT, CONNECTICUT, November 4, 2015--Sturm, Ruger & Company, Inc. (NYSE-RGR) announced today that for the third quarter of 2015 the Company reported net sales of \$120.9 million and fully diluted earnings of 62¢ per share, compared with net sales of \$98.3 million and fully diluted earnings of 34¢ per share in the third quarter of 2014.

For the nine months ended September 26, 2015, net sales were \$398.7 million and fully diluted earnings were \$2.33 per share. For the corresponding period in 2014, net sales were \$421.9 million and fully diluted earnings were \$2.69 per share.

The Company also announced today that its Board of Directors declared a dividend of 25¢ per share for the third quarter for stockholders of record as of November 16, 2015, payable on November 30, 2015. This dividend varies every quarter because the Company pays a percent of earnings rather than a fixed amount per share. This dividend is approximately 40% of net income.

Chief Executive Officer Michael O. Fifer made the following observations related to the Company's 2015 third quarter performance:

- In the third quarter of 2015, net sales increased 23% and earnings increased 76% from the third quarter of 2014.
- New products, including the AR-556 modern sporting rifle and the LC9s pistol, represented \$81.1 million or 21% of firearm sales in the first nine months of 2015. New product sales include only major new products that were introduced in the past two years.
- In the third quarter of 2015, the estimated sell-through of the Company's products from the independent distributors to retailers increased 28% from the third quarter of 2014. The National Instant Criminal Background Check System background checks (as adjusted by the National Shooting Sports Foundation) increased 8% during the same period.
- Inventory of the Company's products at the independent distributors increased by 19,800 units during the third quarter of 2015 and the Company's finished goods inventory increased by 45,200 units during the same period.
- Cash generated from operations during the nine months ended September 26, 2015 was \$94.9 million. At September 26, 2015, our cash totaled \$60.3 million. Our current ratio is 2.4 to 1 and we have no debt.
- In the first nine months of 2015, capital expenditures totaled \$24.5 million, much of it related to tooling and equipment for new products. We expect our 2015 capital expenditures to total approximately \$30 million.
- In the first nine months of 2015, the Company returned \$18.7 million to its shareholders through:
 - the payment of \$15.9 million of dividends, and
 - the repurchase of 82,100 shares of our common stock in the open market at an average price of \$34.57 per share, for a total of \$2.8 million.
- At September 26, 2015, stockholders' equity was \$214.1 million, which equates to a book value of \$11.45 per share, of which \$3.22 per share is cash.

Today, the Company filed its Quarterly Report on Form 10-Q. The financial statements included in this Quarterly Report on Form 10-Q are attached to this press release.

Tomorrow, November 5, 2015, Sturm, Ruger will host a webcast at 9:00 a.m. ET to discuss the third quarter operating results. Interested parties can access the webcast at www.ruger.com/corporate or by dialing 866-515-2913, participant code 73923720.

Non-GAAP Financial Measure

In an effort to provide investors with additional information regarding its financial results, the Company refers to various United States generally accepted accounting principles ("GAAP") financial measures and EBITDA, a non-GAAP financial measure which management believes provides useful information to investors. This non-GAAP financial measure may not be comparable to similarly titled financial measures being disclosed by other companies. In addition, the Company believes that the non-GAAP financial measure should be considered in addition to, and not in lieu of, GAAP financial measures. The Company believes that this non-GAAP financial measure is useful to understanding its operating results and the ongoing performance of its underlying business, as EBITDA provides information on the Company's ability to meet its capital expenditure and working capital requirements, and is also an indicator of profitability. The Company uses both GAAP and non-GAAP financial measures to evaluate the Company's financial performance.

EBITDA is defined as earnings before interest, taxes, and depreciation and amortization. The Company calculates its EBITDA by adding the amount of interest expense, income tax expense, and depreciation and amortization expenses that have been deducted from net income back into net income, and subtracting the amount of interest income that was included in net income from net income.
